## SPA OZONE AT IT'S BEST

Aqua Sun Ozone, International's Model XL-40 Spa Ozonator has been proven and performs. The Model XL-40 utilizes a Corona Discharge micro-ozone cell for residential spas. Our ozone technology effectively removes water impurities and micro-organisms, reduced chemical usage and requires less maintenance which enhances the benefits of the Pacifica Spa Series Model XL-40 Spa Ozonator.

Aqua Sun Ozone's Corona Discharge micro-ozone cell provides consistent ozone output with less heat, less energy usage and less nitric acid...a green technology plus. There are no cartridges, chips or bulbs to replace.

## Flexible ozone solutions for your spa sanitation needs

### OZONE FACTS

- Ozone does not have to be purchased or stored. Ozone is generated "on-site" and is introduced into the water automatically.
- Ozone does not affect the pH balance of water, thus minimizing pH adjustments.
- Ozone helps reduce total dissolved solids in water so that the water does not have to be changed as often.
- Ozone is an extremely effective oxidizer and reduces chemical use dramatically.
- Reduces damage to pillows and covers due to chemical usage.
